

Integrated Studies: Language Arts Concentration

Suggested Course Sequence Sheet (2023-2024)

This sample schedule assumes that a student has already fulfilled their foreign language requirement and is pursuing *elementary certification* (noted in red italics—this School of Ed program is separate from the major, and some courses need to be taken before student teaching senior year). Other course sequences are not only possible but probable, since some courses are offered only **once a year** (in bold type) and course scheduling shifts yearly in this interdisciplinary major. Expect to take an average of 16 credits per quarter. Please check your plan with your faculty advisor, Dr. April Middeljans. Note that the courses in the IS major automatically fulfill all Ways of Knowing requirements, EDU 2100 fulfills the Ways of Engaging requirement, and EDU 2300 fulfills the Cultural Understanding and Engagement requirement.
